

Patty K. Scott, MSNA, RN, RHIA, CPHQ, CPMSM  
Speaker's Bio

Patty K. Scott has multiple years of experience in the healthcare field dedicating those years to the disciplines of nursing; quality, risk, and case management; health information management; medical staff credentialing; and regulatory compliance. She is currently the Vice President of Quality/Case/Risk Management and Regulatory Compliance for IASIS Healthcare Corporation. Patty is a licensed Registered Nurse and has attained an advanced degree in nursing administration. She compliments her nursing degrees uniquely with a degree in health information management and is a Registered Health Information Administrator. Patty is Board Certified in Healthcare Quality and Medical Staff Management/Credentialing.

Patty has served as the Board Chairman for the National Association for Healthcare Quality (NAHQ) certification board and was instrumental in developing the content for the national and international examinations for board certification in healthcare quality. In addition, Patty has been a Board member of the Quality Assurance Section of the American Health Information Management Association (AHIMA) and served as a governor's appointment to the Medical/Legal Screening Panel for the State of Nevada. In 2009 and 2010, Patty was recognized by the March of Dimes as the Southern Nevada Nurse of the Year in Nursing Administration and by the Dorland Health People Awards as Top Clinical Nurse – Leadership and Quality Management.

Please join me in welcoming this highly accomplished and busy lady to speak to us today.
